Colorado Region Map

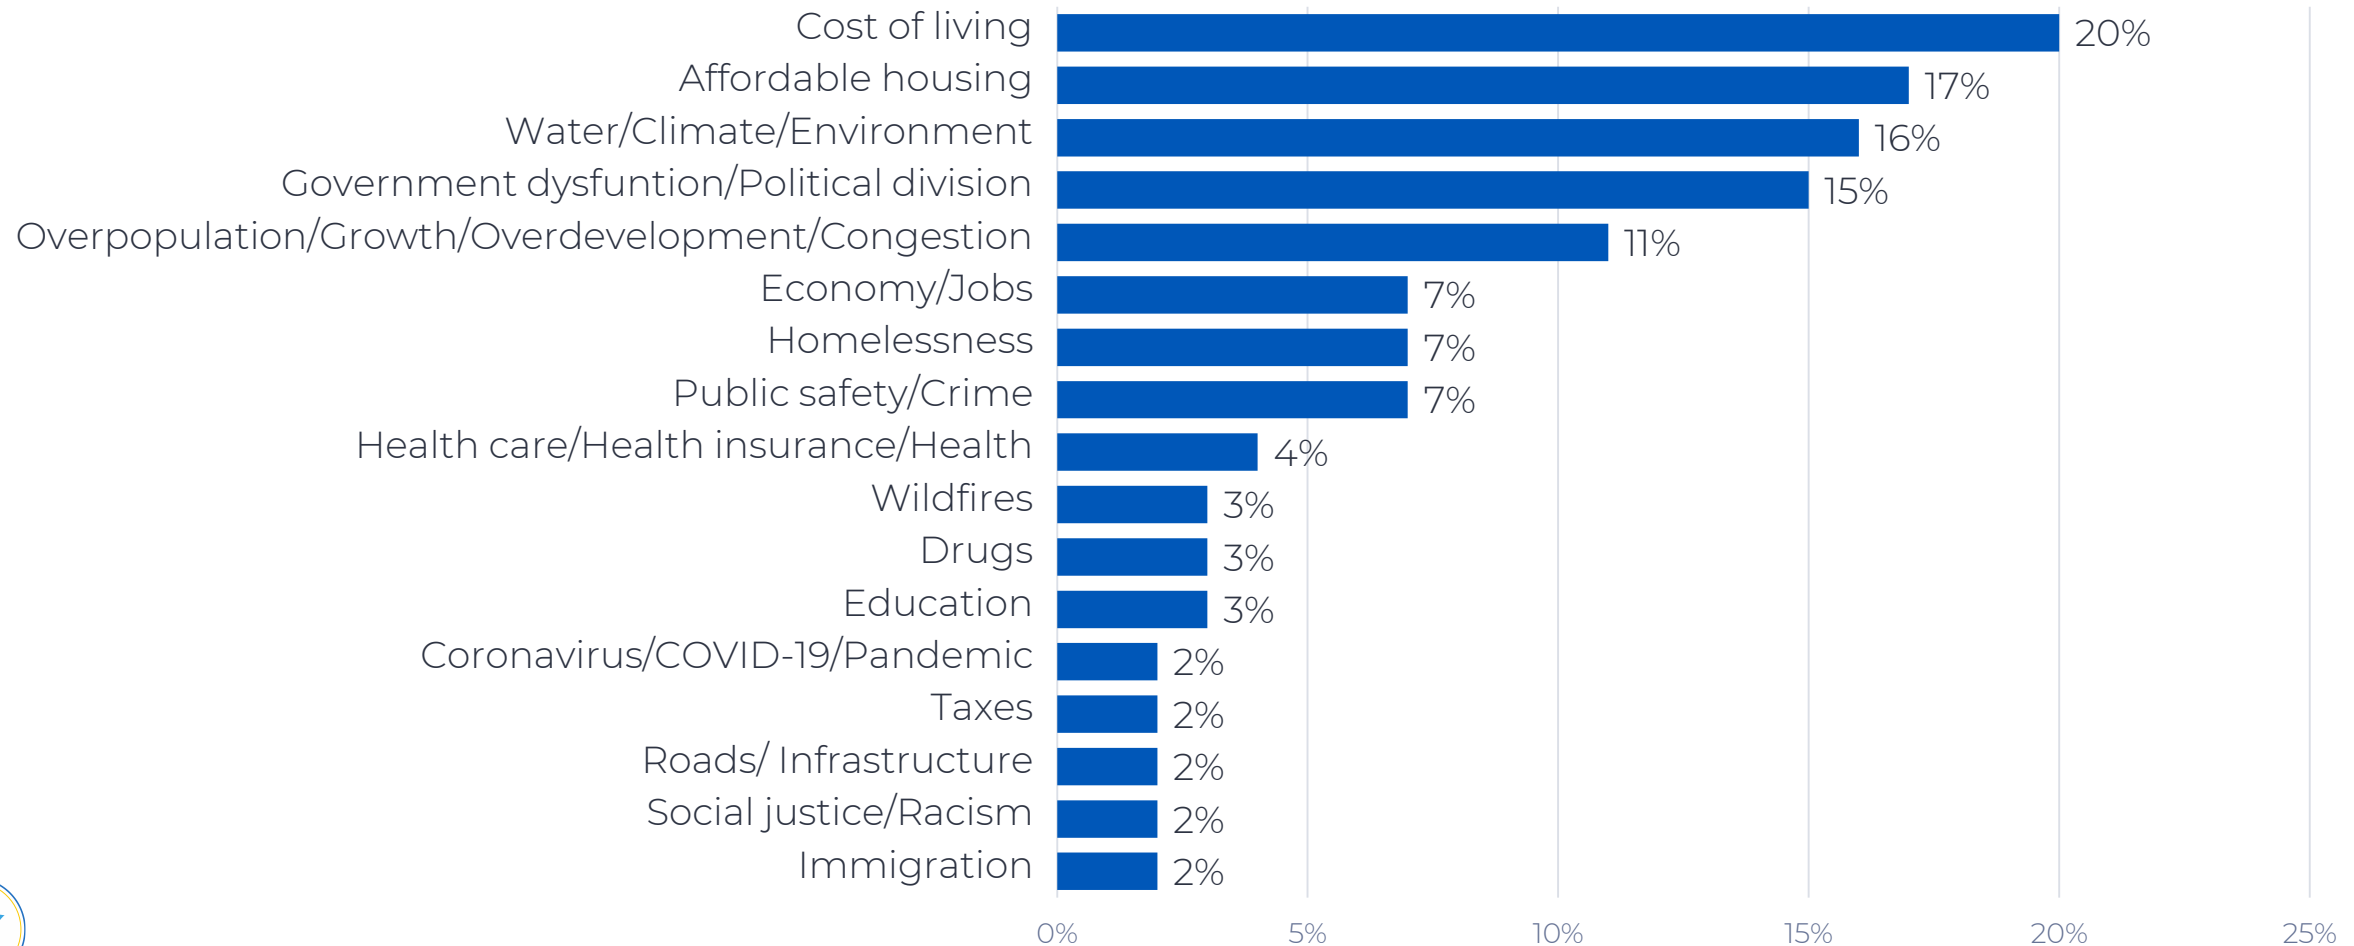

Top Concerns

Cost of living, affordable housing and environmental concerns are seen as the top issues facing Colorado.

Q13. In a few words of your own, what is the most important issue facing Colorado right now?

(Open-ended)

Verbatim Comments Describing the Most Important Issue Facing Colorado

Q13. In a few words of your own, what is the most important issue facing Colorado right now?

(Open-ended)

“

Lack of resources for the growing number of people moving here.

“

High rent and housing prices and increase of homelessness.

“

Legislation fueled by lack of knowledge or compassion for anyone not cis, hetero, and white.

“

Being able to live a basic life while paying for everything I have to pay for.

“

Rents so high they are putting people in the streets.

“

Issues caused by climate change, such as wildfires and lack of water.

“

Safety, homelessness, affordability and lack of trust with city officials.

“

Mass influx of new residents from other states, and the issues that come with that.

Concern about the cost of living has increased, while concern about COVID has fallen.

Q13. In a few words of your own, what is the most important issue facing Colorado right now?

(Open-ended)

Issue	2020	2021	2022	Difference (2020-2022)
Cost of living	10%	7%	20%	+13%
Water/Wildfires/Climate change/Environment	13%	20%	21%	+8%
Cost of housing/Affordable housing	--	10%	17%	+7%
Traffic/Overpopulation/Infrastructure	6%	19%	13%	+7%
Public safety/Crime/Drugs	4%	5%	10%	+6%
Immigration	--	1%	2%	+1%
Homelessness	--	6%	7%	+1%
Education	4%	3%	3%	-1%
Social justice/Racism/Police issues	5%	2%	2%	-3%
Health care/Health insurance/Health	8%	4%	4%	-4%
Government dysfunction/Political division/Government/Politics	19%	14%	15%	-4%
Economy/Jobs/Taxes	13%	12%	9%	-4%
Coronavirus/COVID-19/Pandemic	26%	14%	2%	-24%

The rising cost of living and the cost of housing are the most acute concerns.

Q14. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

The spread of new COVID variants is rated the least serious problem facing the state.

Q14. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

Crime and the cost of living have increased most as concerns; concern about racial bias and discrimination has declined the most.

Q14 b-j, l-o. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

(% Extremely/Very Serious Problem)

Problem	2020	2021	2022	Difference (2021-2022)
Crime, in general	--	41%	57%	+16%

Voters say that the economy, cost of living and housing will play big roles in whom they vote for in November.

Q38. In a few words of your own, which issues will be most important to you in deciding which candidates to vote for this November?

(Open-ended; Asked of Registered Voters, n=2,599, All Items Mentioned by at Least 3%)

0%

15%

Verbatim Comments on Most Important Issue for the November Election

Q38. In a few words of your own, which issues will be most important to you in deciding which candidates to vote for this November?

(Open-ended; Asked of Registered Voters Only, n=2,599)

“

Ending homelessness and increasing affordable housing, child care, student loan debt cancelled, and climate change.

“

Climate and housing.

“

Housing, covid-19 assistance, affordable health and childcare, and more jobs.

“

Economy, war in Ukraine, women's reproductive rights, healthcare, and racism.

“

How the candidates reach out and work with the indigenous community.

“

Hard on crime, stop crying racism every time someone is sad, stop punishing the middle class for doing the right things, give parents back the right to raise their child.

“

Housing and substance use solutions.

“

If they accurately represent my interests and concerns.

The Cost of Living

Since 2020, concern about the cost of living has risen across racial/ethnic groups and regions.

Q14. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado:

(The rising cost of living)
(% Extremely/Very Serious Problem)

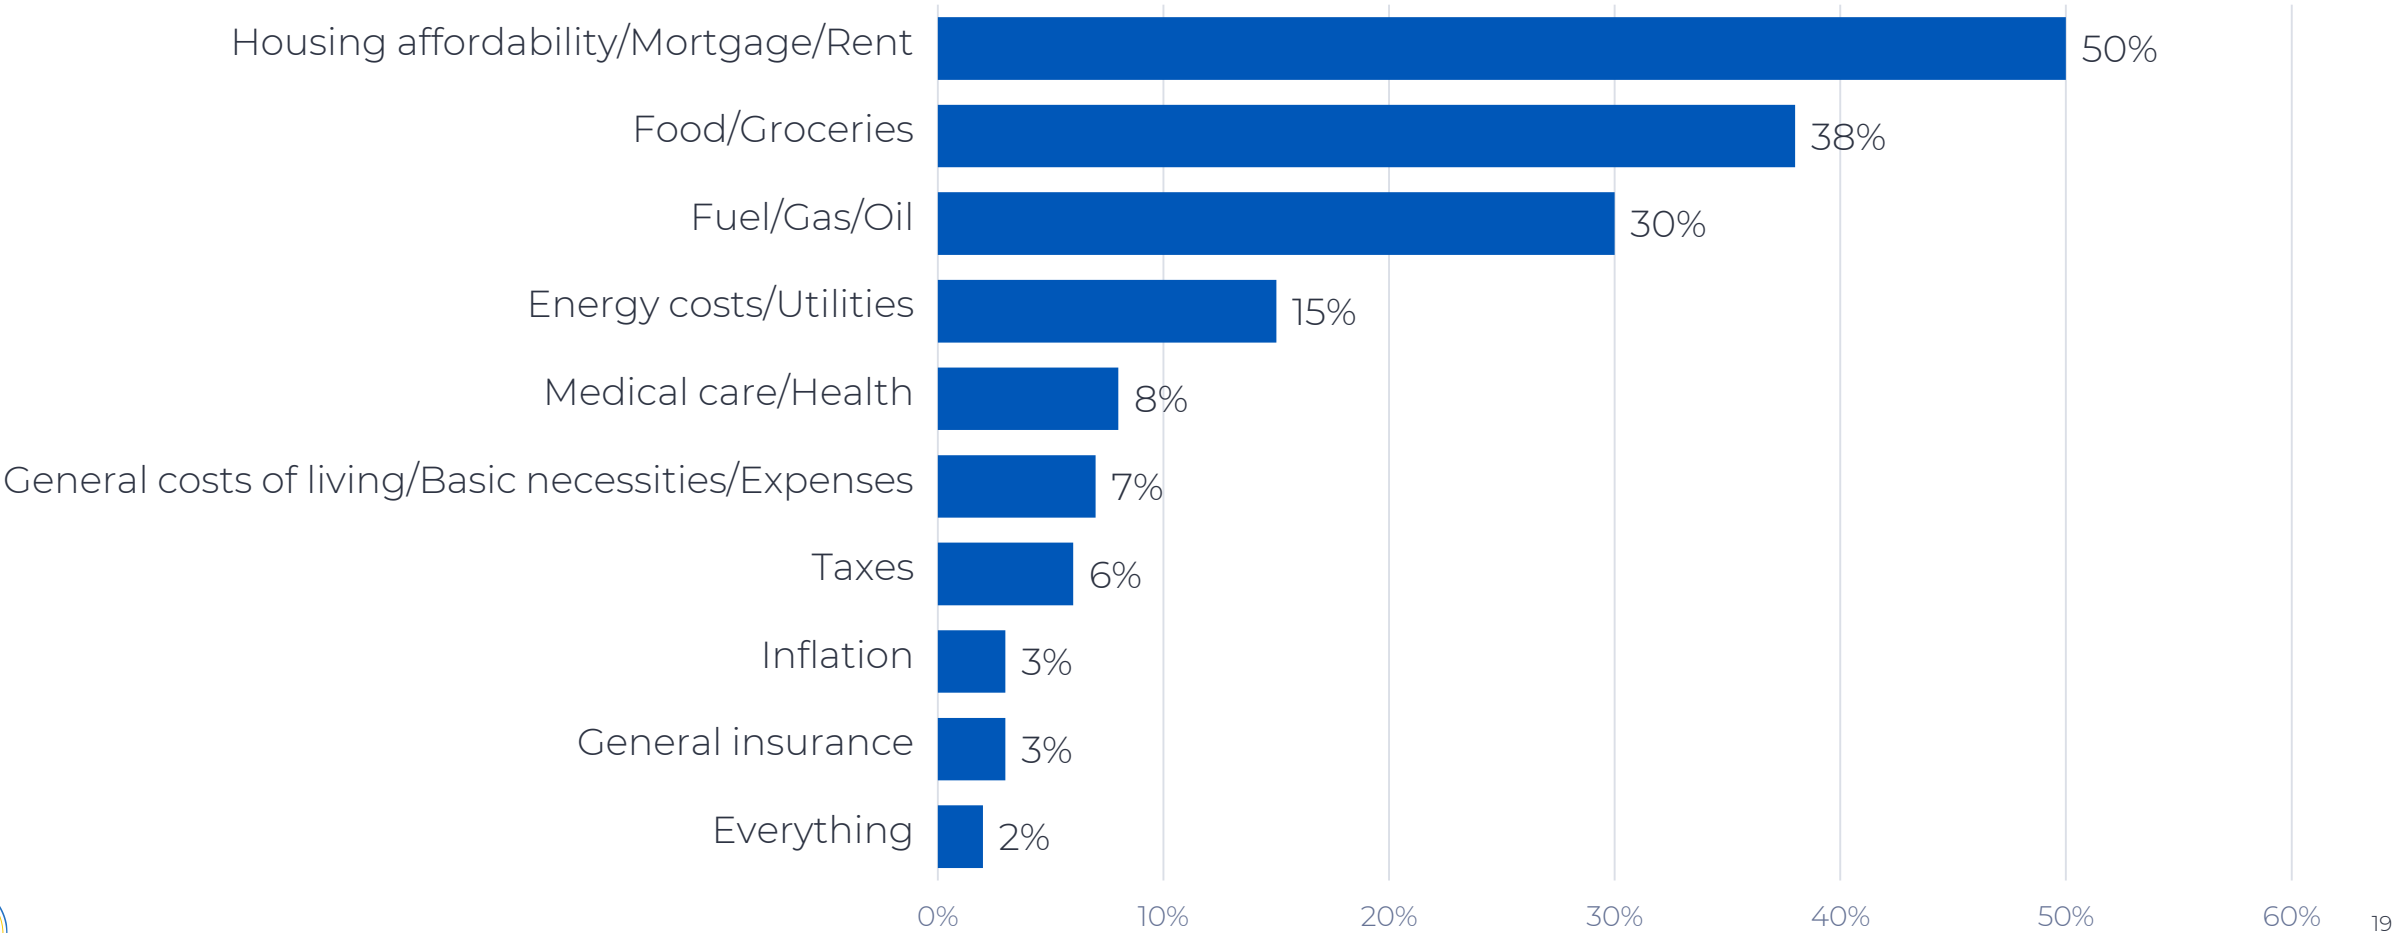

Demographic Group	2020	2022	Difference

Larimer/Weld	60%	86%	+26%
Denver Metro	66%	90%	+24%
Western Slope	51%	86%	+35%

Coloradans point to housing affordability, food costs and gas prices as the most-concerning examples of cost-of-living increases.

Q18. When you think about the cost of living in Colorado, which specific expenses are most concerning for you and other members of your household?

(Open-ended; Responses 2% and Above Shown)

Unlike prior years, a clear plurality of Coloradans indicate that they are worse off financially than a year ago.

Q17. Would you say you are better off, or worse off financially than you were a year ago, or is your financial situation about the same?

Looking forward, nearly two in five worry about affording food, a notable increase since 2021.

Q21. Thinking ahead over the next year, how worried are you that you might not always be able to afford enough food to feed yourself and your family:

Lower-income, Latino and Native American Coloradans are among those most likely to be worried about affording food.

Q21. Thinking ahead over the next year, how worried are you that you might not always be able to afford enough food to feed yourself and your family:

Demographic Group	Total Worried	Total Not Worried	Don't Know
All	38%	61%	1%
Household Income			
<\$30,000	69%	31%	0%
\$30,000-\$50,000	52%	45%	2%
\$50,000-\$75,000	53%	47%	1%
\$75,000-\$100,000	36%	63%	1%
\$100,000+	16%	83%	0%

A photograph of a group of people sitting around a long wooden table in a meeting or workshop. In the foreground, a person's hands are visible, writing in a small notebook with a pen. A yellow ruler is also on the table. Other people are blurred in the background, some looking towards the right. The image has a dark, semi-transparent overlay.

Housing

More than three in five see housing costs as an “extremely serious” concern.

Q14i. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

(The cost of housing)

Nearly three quarters of Coloradans view homelessness as a “very serious” problem.

Q14c. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

(Homelessness)

Nearly one-third are worried about losing their home because they can't afford the rent or mortgage.

Q19. Thinking ahead over the next year, how worried are you that you might lose your home because you can't afford the monthly rent or mortgage:

Currently unemployed Coloradans express the greatest degree of concern about losing their homes.

Q19. Thinking ahead over the next year, how worried are you that you might lose your home because you can't afford the monthly rent or mortgage:

Demographic Group`	Total Worried	Total Not Worried	Don't Know
All	30%	68%	2%
Employment			
Full-time	30%	68%	2%
Part-time	31%	67%	2%
Unemployed	58%	37%	4%
Race/Ethnicity			
Asian/Pacific Islander	35%	62%	2%
Black/African American	31%	60%	9%
Hispanic/Latino	42%	55%	2%
Native American/Indigenous	58%	39%	3%
White	26%	73%	1%
All Multiracial	37%	60%	2%
All People of Color	40%	57%	4%

Concern about housing affordability is highly correlated with income.

Q19. Thinking ahead over the next year, how worried are you that you might lose your home because you can't afford the monthly rent or mortgage:

Demographic Group	Total Worried	Total Not Worried	Don't Know
Region			
Eastern Plains	18%	82%	0%
El Paso	31%	68%	1%
Pueblo	30%	68%	2%

\$75,000-\$100,000	15%	27%	+12%
\$100,000+	8%	15%	+7%

One-third have worked more than they wanted, avoided asking their landlord to address problems and cut back on basic needs in order to afford housing.

Q27. In order to pay your rent or your mortgage in the last year, have you had to do any of the following:

(% Yes)

**Asked of Renters Only, n=793

Renters are more likely to have had to make difficult choices to afford their housing than homeowners.

Q27. In order to pay your rent or your mortgage in the last year, have you had to do any of the following:

(% Yes)

Experience	All	Residence	
		Homeowners	Renters
Work multiple jobs, or more than you wanted to	32%	24%	48%
**Avoided asking your landlord to address problems because you were afraid of having your rent increased or being evicted	32%	--	32%
Cut back on or go without other needs, like food or health care	31%	22%	49%
Stayed in housing that was not right for you because you felt like you could not afford a new place	26%	13%	52%
Lived with a roommate or in a friend or family member's home when you would rather not have	22%	10%	44%

**Asked of Renters Only, n=793

These experiences are more frequent among low-income Coloradans.

Q27. In order to pay your rent or your mortgage in the last year, have you had to do any of the following:

(% Yes)

Experience	All	Household Income				
		<\$30,000	\$30,000-\$50,000	\$50,000-\$75,000	\$75,000-\$100,000	\$100,000+
Work multiple jobs, or more than you wanted to	32%	40%	45%	46%	34%	23%
**Avoided asking your landlord to address problems because you were afraid of having your rent increased or being evicted	32%	49%	29%	35%	23%	21%
Cut back on or go without other needs, like food or health care	31%	55%	45%	42%	32%	16%
Stayed in housing that was not right for you because you felt like you could not afford a new place	26%	47%	36%	39%	19%	15%
Lived with a roommate or in a friend or family member's home when you would rather not have	22%	40%	35%	29%	22%	12%

**Asked of Renters Only, n=793

Coloradans of color are more likely to report having worked multiple jobs in order to afford housing than are white Coloradans.

Q27. In order to pay your rent or your mortgage in the last year, have you had to do any of the following:

(% Yes)

Experience	All	Race/Ethnicity						
		Asian/ Pacific Islander	Black/ African American	Hispanic/ Latino	Native American/ Indigenous	White	Multi- racial	All People of Color
Work multiple jobs, or more than you wanted to	32%	45%	41%	34%	51%	29%	40%	37%
**Avoided asking your landlord to address problems because you were afraid of having your rent increased or being evicted	32%	15%	34%	38%	52%	33%	36%	32%
Cut back on or go without other needs, like food or health care	31%	36%	28%	41%	60%	27%	41%	39%
Stayed in housing that was not right for you because you felt like you could not afford a new place	26%	32%	23%	34%	50%	24%	38%	31%
Lived with a roommate or in a friend or family member's home when you would rather not have	22%	36%	24%	34%	38%	20%	36%	29%

**Asked of Renters Only, n=793

About one in five Coloradans know someone who has been treated unfairly on the basis of race or ethnicity when seeking housing.

Q16a. Please tell me whether you - or someone you know - has been treated unfairly in any of the following situations here in Colorado as a result of their race or ethnicity: When trying to rent or purchase a place to live.

(% Yes)

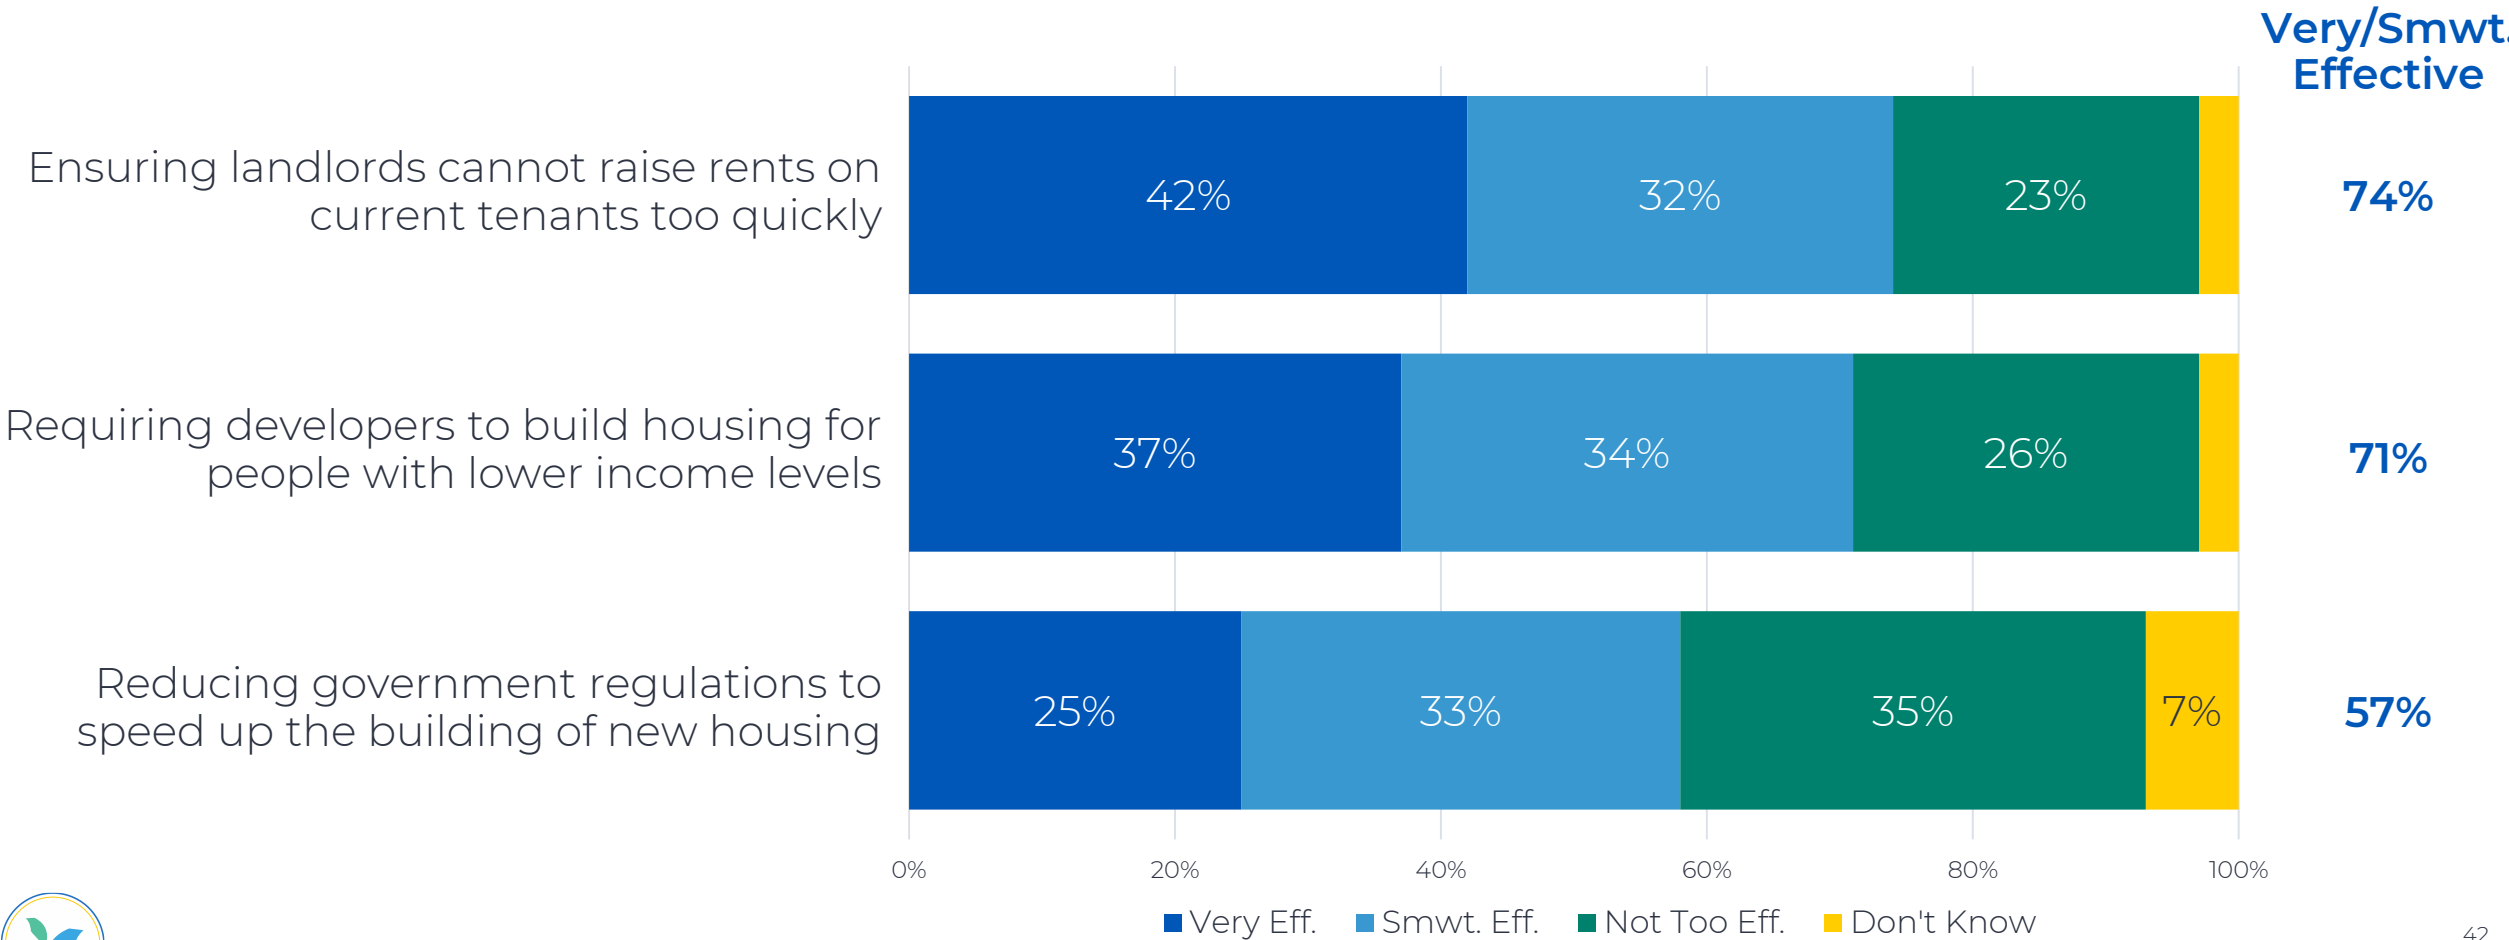

Demographic Group	Total Experienced
All	22%
Race/Ethnicity	
Asian/Pacific Islander	23%
Black/African American	36%
Hispanic/Latino	33%
Native American/Indigenous	55%
White	19%
Multiracial	35%
All People of Color	31%

Coloradans view ensuring landlords can't raise rents too quickly and requiring developers to build housing for people with lower incomes as effective solutions.

Q28. Here are some actions that some people say will make housing more affordable for people who live in Colorado. Please tell me how effective you think it will be in making housing more affordable: very effective, somewhat effective, or not too effective.

There is less partisan division around reducing regulation to speed up housing development.

Q28. Here are some actions that some people say will make housing more affordable for people who live in Colorado. Please tell me how effective you think it will be in making housing more affordable: very effective, somewhat effective, or not too effective.

(% Very/Somewhat Effective)

Proposal	All	Party			Dem-Rep. Diff.
		Democrats	Independents	Republicans	
Ensuring landlords cannot raise rents on current tenants too quickly	74%	87%	74%	64%	+23%
Requiring developers to build housing for people with lower income levels	71%	89%	71%	55%	+34%
Reducing government regulations to speed up the building of new housing	57%	58%	56%	62%	-4%

Asian American and Pacific Islander Coloradans are especially likely to view these approaches to housing affordability as effective.

Q28. Here are some actions that some people say will make housing more affordable for people who live in Colorado. Please tell me how effective you think it will be in making housing more affordable: very effective, somewhat effective, or not too effective.

(% Very/Somewhat Effective)

Proposal	All	Race/Ethnicity						
		Asian/ Pacific Islander	Black/ African American	Hispanic/ Latino	Native American/ Indigenous	White	Multi- racial	<i>All People of Color</i>
Ensuring landlords cannot raise rents on current tenants too quickly	74%	86%	68%	78%	66%	75%	83%	78%
Requiring developers to build housing for people with lower income levels	71%	80%	75%	76%	62%	71%	76%	74%
Reducing government regulations to speed up the building of new housing	57%	70%	61%	56%	50%	57%	55%	57%

Most homeowners and renters say these strategies would be effective, although renters are more likely to hold this view.

Q28. Here are some actions that some people say will make housing more affordable for people who live in Colorado. Please tell me how effective you think it will be in making housing more affordable: very effective, somewhat effective, or not too effective.

(% Very/Somewhat Effective)

Proposal	All	Residence

Coloradans have increasingly postponed medical care in the last 12 months.

Q23. In the last 12 months, have you experienced any of the following: postponed medical or dental care?

(% Yes)

A wide variety of factors are associated with Coloradans' postponement of medical or dental care.

- **Lack of insurance:** 65% of uninsured Coloradans and 64% of those who are worried about not having insurance postponed care.
- **Fear of racial bias:** 65% of those who experienced or know someone who has experienced unfair treatment when seeking health care postponed medical or dental care.
- **Financial instability:** 78% of people who skipped meals because they couldn't afford food also postponed medical or dental care.

LGBTQ people, uninsured Coloradans and people living with disabilities are among the most likely to have postponed care.

Q23. In the last 12 months, have you experienced any of the following: postponed medical or dental care?

Demographic Group	Postponed Care	Did Not	Don't Know

A majority is confident in the state's ability to respond to a pandemic, although few are "very confident."

Q15. How confident are you that Colorado is well-prepared to minimize the health and economic impacts of another pandemic like COVID-19 in the future:

A blurred background image showing a group of people in a meeting or workshop. In the foreground, a person's hands are visible, writing in a small notebook with a pen. The scene is dimly lit, with a blueish tint. The text 'Mental Health and Well-being' is overlaid in white.

Mental Health and Well-being

Nearly two-thirds call mental health a “very serious” problem in Colorado.

Q14m. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

(Mental health)

Three in five say they've experienced mental health strain in the last year.

Q29. In the last year, have you experienced mental health strain such as anxiety, depression, loneliness, or stress?

Most Likely to Have Experienced Mental Health Strain

LGBTQ Coloradans (84%)
Women ages 18-49 (80%)
Under age 30 (79%)
Native American (79%)
Insured through Medicaid (74%)
Live with disability (73%)
Income under \$50K (72%)
Uninsured (72%)

Out-of-pocket costs present the greatest challenge to accessing mental health care.

Q30. Here are some reasons that some people who live in Colorado have been unable to get access to the mental health care they needed. Please tell me if this was a major challenge, minor challenge, or not a challenge for you or a family member in accessing mental health services.

(Asked of Those Who Experienced Mental Health Strain Only, n=1,819)

Costs are a barrier to accessing mental health care regardless of income.

Q30. Here are some reasons that some people who live in Colorado have been unable to get access to the mental health care they needed. Please tell me if this was a major challenge, minor challenge, or not a challenge for you or a family member in accessing mental health services.

(% Major/Minor Challenge, Asked of Those Who Experienced Mental Health Strain Only, n=1,819)

Asked of Those Who Experienced Mental Health Strain Only

Those living with a disability are more likely to experience many of the challenges to getting mental health care.

Q30. Here are some reasons that some people who live in Colorado have been unable to get access to the mental health care they needed. Please tell me if this was a major challenge, minor challenge, or not a challenge for you or a family member in accessing mental health services.

(% Major/Minor Challenge, Asked of Those Who Experienced Mental Health Strain Only, n=1,819)

Reason	All	Disability Status	
		Live with Disability	Do Not
The services were too expensive out of pocket	66%	68%	65%
There were no available appointments, or the wait to get services was too long	57%	59%	56%
Unsure how to find a mental health care provider	50%	58%	47%
Not being able to find a mental health care provider who would be understanding of your or your family member's background or experiences	50%	59%	46%
Not feeling comfortable speaking to a stranger about mental health concerns	49%	59%	45%
Concerns about privacy or having to disclose too much personal information	42%	48%	39%
Concerns about being judged by family members, friends, or coworkers	38%	42%	35%

Asked of Those Who Experienced Mental Health Strain Only

Challenges are present for Coloradans across insurance types.

Q30. Here are some reasons that some people who live in Colorado have been unable to get access to the mental health care they needed. Please tell me if this was a major challenge, minor challenge, or not a challenge for you or a family member in accessing mental health services.

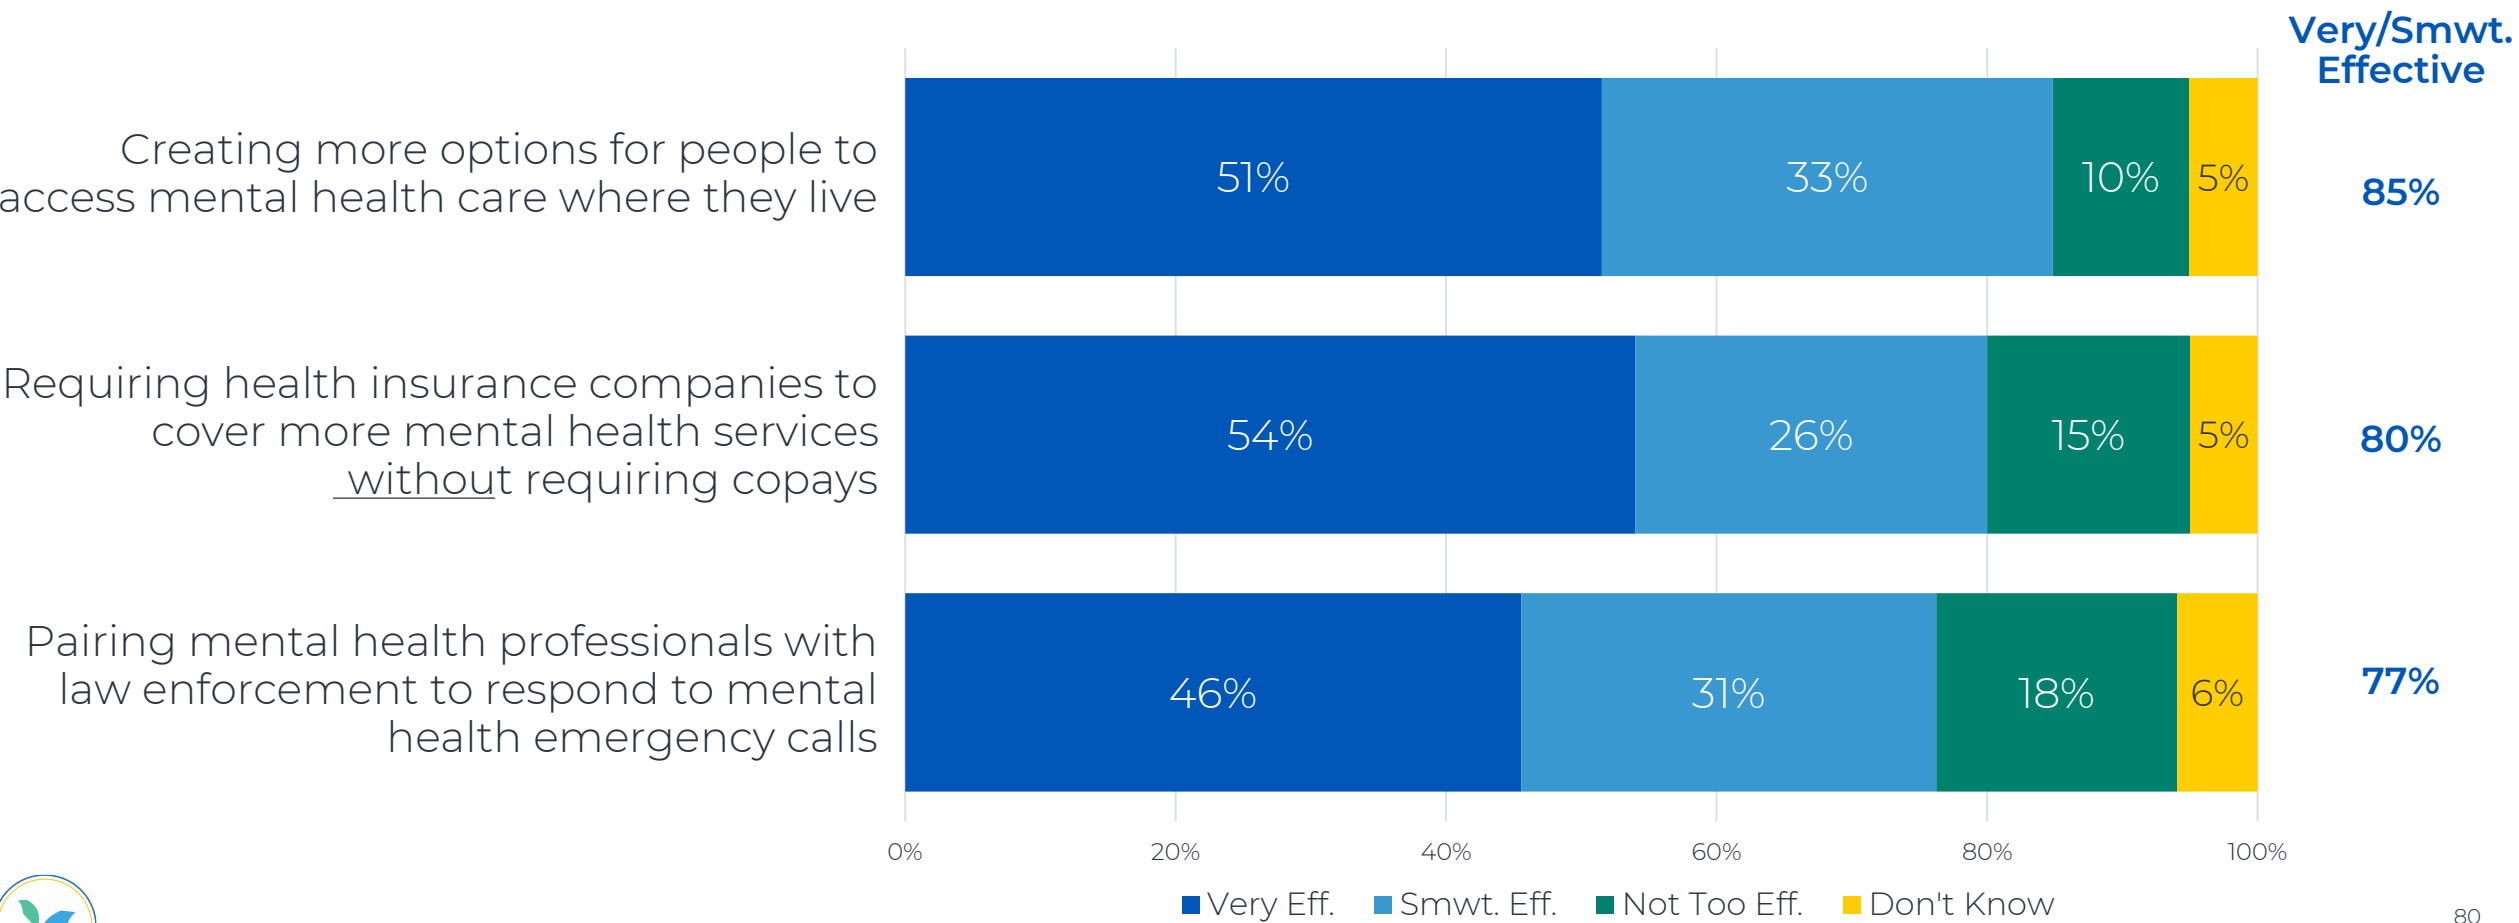

(% Major/Minor Challenge, Asked of Those Who Experienced Mental Health Strain Only, n=1,819)

Requiring health insurance companies to cover more mental health services <u>without</u> requiring copays	80%	82%	82%	75%	82%	80%	78%
Pairing mental health professionals with law enforcement to respond to mental health emergency calls	77%	77%	79%	67%	75%	78%	74%

Alcohol and Drug Use

Three in five view drug and alcohol use as a “very serious” problem, though only just over one-quarter label it “extremely serious.”

Q14I. I'd like to read you some problems facing Colorado that people have mentioned. Please tell me whether you think it is an extremely serious problem, a very serious problem, somewhat serious problem, or not too serious a problem in Colorado.

(Drug and alcohol use)

Most Coloradans say their alcohol and drug use has remained the same or even decreased in the past year.

Q32. In the past year, would you say the amount of alcohol or drugs you consume has:

Approximately one in ten worry about the amount they consume.

33. And in the past year, have you ever felt worried about the amount of alcohol or drugs you consume?

Most Likely to Worry About Consumption

LGBTQ (25%)
Under age 30 (20%)
In their 30's (19%)
Native American/Indigenous (19%)
Live with a disability (18%)
Speak language other than English at home (18%)
Black/African American (18%)
Denver County (17%)
Larimer/Weld (17%)
Unemployed (17%)
Asian American/Pacific Islanders (17%)

Coloradans view making treatment for addiction affordable and connecting people with others who can support them as most effective.

Q34. Here are some actions that some people say will address increasing rates of alcohol and drug use in Colorado. Please tell me how effective you think it will be in decreasing alcohol and drug use: very effective, somewhat effective, or not too effective.

Republicans are split on sending people to treatment instead of jail, but Democrats and independents widely see the approach as effective.

34. Here are some actions that some people say will address increasing rates of alcohol and drug use in Colorado. Please tell me how effective you think it will be in decreasing alcohol and drug use: very effective, somewhat effective, or not too effective.

(% Very/Somewhat Effective)

Proposal	All	Party			Dem-Rep. Diff.
		Democrats	Independents	Republicans	
Making treatment for addiction more affordable and more easily available	81%	89%	84%	75%	+14%
Connecting people trying to recover from addiction with support from other people like them	81%	86%	82%	77%	+9%
Investing in programs to prevent people from abusing alcohol and drugs	68%	74%	71%	59%	+15%
Sending people to treatment, not to jails or prisons, if they've committed a crime related to alcohol or drug use	67%	85%	70%	46%	+39%

Residents of Eastern Plains and Pueblo are less likely to view treatment as a more effective solution than jail.

Q34. Here are some actions that some people say will address increasing rates of alcohol and drug use in Colorado. Please tell me how effective you think it will be in decreasing alcohol and drug use: very effective, somewhat effective, or not too effective.

(% Very/Somewhat Effective)
